Cat6 Crossover Patch Cable

Details correct on: 03/12/2014

Notification	
Product Code	EXT-620
Short Description	20 Mtr grey X/O patch cable
Full Description	Category 6 cable, commonly referred to as Cat-6, is a cable standard for Gigabit Ethernet and other network protocols that are backward compatible with the Category 5/5e and Category 3 cable standards. Compared with Cat-5 and Cat-5e, Cat-6 features more stringent specifications for crosstalk and system noise. The cable standard provides performance of up to 250 MHz. Crossover cables are designed for connecting two computers together without a switch (or linking switches together)
